

Peppa Pig

Let's make Peppa Pig's Castle!

You will need:

- A large shoebox - brown card - x4 cardboard tubes
- x4 lolly sticks - paint - white and coloured paper - glitter
- glue - sticky tape - scissors - and a grown-up to help you!

1

Ask a grown-up to help cut two slits either side of each cardboard tube.

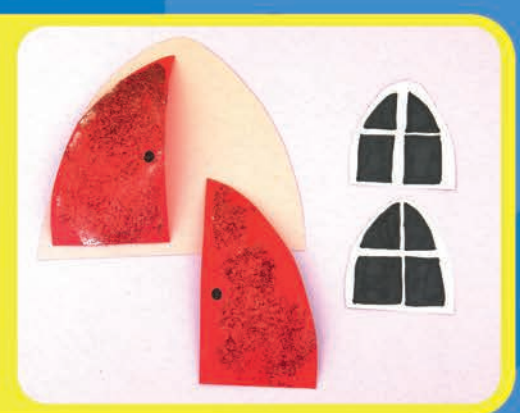

2

Using brown card, cut out a rectangle shape to fit each side of your shoebox. Cut some battlements! Stick the walls onto your shoebox!

3

Now paint each cardboard tube! Next, cut out a pale pink castle door then one smaller red one. Cut the red door into two, decorate with glitter. Draw on the door handles, stick onto the pink door. Cut out two windows, draw on the windows with black pen.

4

Paint the bricks on with brown paint. Stick on the door and windows and slide on the towers! Cut out four diamond shapes and paint. Stick the flags onto lolly sticks and colour on the stripes. Secure the flags onto the tubes. Decorate your castle with coloured stars and circles!
